
Filesyscheck Cfg Call Of Duty 4 Skidrow

I have a problem with COD MW2 in SysCheck.cfg file. Please help me. Thanks! :) "Error during initialization: Failed to load SysCheck.cfg. Make sure Modern.exe has the correct version number." C:\Program Files\Common Files\IDM\SysCheck.cfg "System Requirements: Operating System: Windows XP/Vista/7 Processor: 2 GHz or higher Memory: 512MB RAM Graphics: 128MB DirectX compatible 3D graphics card Sound: DirectX compatible sound card DirectX: DirectX 9 or higher Compatible with: Vista/Se7en ." Launched from the console using IDM. I start the game, I get this. And nothing starts.
