Flexbeta FireTweaker is an advanced Firefox Tweaking utility and Firestarter add-on. Using the FireTweaker tool you can adjust and customize various aspects of Firefox. On the other hand, the Firestarter add-on makes your life easier as you can manage your windows and tabs easily, as well as their associated data or cache files. FireTweaker provides you with a powerful set of tools and options to customize and control various aspects of Firefox. You can adjust your homepage address and startpage, change your search engine, quick search, tab and window features, spell check, spell check language, check spelling of links in current document, change all pages and only some pages defaults as well as give your homepage a different wallpaper. FireTweaker is a base installation; no files get installed on your computer after the installation process. After that, you have to download the.exe file from [www.flexbeta.com](http://www.flexbeta.com) to your desktop and install the application by double-clicking on the.exe file. Flexbeta FireTweaker can make changes to registry entries and folders. These changes can be removed by pressing the "Restore from Registry or Folder" button on the FireTweaker main window. [www.flexbeta.com](http://www.flexbeta.com) - website to download the latest Firefox Tweaks from the FireTweaker Firefox homepage. You can also download any Firefox Tweaks or updates for Firefox, as they become available. The FireTweaker website is intended for the release of the latest Firefox Tweaks and updates only. It is not intended for any other purpose, such as to support or disseminate any other software program. [www.flexbeta.com](http://www.flexbeta.com) is not affiliated with Mozilla. Flexbeta FireTweaker Website: Flexbeta FireTweaker Add-On: ===== This is a FREEWARE update. You are allowed to use it for both personal and commercial use. This is the non-OEM version and it is not intended for OEM use. This is a freebie. =====CHIANTI, Italy (VN) — No matter how he ran the opening 40 minutes, Marco Fimiani couldn't shake the feeling that the world championship drivetrain of Giant-Alpecin's C4® made an impression on him, and over the course
