
Napoleon Total War 1.3 English Language Pack

Download

I got Total War Rome 2 from my friend, the only problem is that that's all in Russian, are there any English language pack downloads... I don't know if they will ever be made, but if they do, I'm sure I won't wait. Rating: 9/10 I think it's a game that can deal with some serious issues, but it has a lot of problems. However, I haven't seen many games that can have as many problems as this one. I don't know if the game is worth playing but I would definitely recommend it. There are many games that have less problems than this one, but they are usually not as good as this one.
