The 2012 general election will occur on November 6. C.R.S. §1-4-905(4) explains that, upon enactment of a bill by both houses and a determination that the bill has been signed by the governor, "the original and each substituted bill shall be delivered to the county clerks of the several counties for the purpose of being placed on the ballot for approval or disapproval by the voters at the next general election." Currently, fifteen proposed constitutional amendments have been submitted to the electorate. Please see the current list of submitted amendments by clicking on "Constitutional Amendments: Proposed Amendment" under the "Bill Tracking" tab on the right side of this page. Please contact the New Mexico State House or Senate office(s) closest to your home or business address to inquire about the specific amendment(s) that have been proposed for the November 2012 General Election. Proposed Constitutional Amendment Timeline There are four major proposals being considered by the voters during the 2012 election. They are as follows: [Note: Click on the text above or the blue square below to open the State Constitution Revision Commission's web page for proposed Constitutional Amendment 9 and the New Mexico Democratic Party's webpage for Constitutional Amendment 10.] Amendment 1 This proposed amendment would repeal the exemption from state property tax of real estate purchased and used as a residence by a church or religious organization. This amendment would result in $18.1 million in additional property tax revenue for the State of New Mexico in 2012. This proposed amendment would establish a Youth Education and Career Fund. Setting Up a Student License Students are often given an Autodesk product key that's good for one month of use, which is useful for getting students started and testing software applications. However, after a student has used the product key, it's important to update the software to protect the student from consuming more than their monthly allowance. In this exercise, you'll set up a student license.
