
iTOrganize Crack + For Windows Latest

What's New In?

iTOrganize is a complete solution for the management of iTunes Media Library, including music, music videos, audiobooks, podcast, playlists, ripped songs from various sources such as Flac, MP3, Ogg, WMA, AAC, M4A, and many more. It helps the user easily organize the music library by artist, album, song, genre, playlist, artist, music video, audiobook, podcast, the source of music, genre, playlist, last played, last added, Last added to library, iTunes Music, iTunes Music Videos, iTunes Match and so on. It's really helpful to manage the music library conveniently. iTOrganize is a one-time purchase. It's a multi-user software (limited to 2 computers) and you can create unlimited accounts with it. You can manage the entire music library (tracks from various sources, such as music/video/podcast/audiobook/playlist/etc, and it's not limited to iTunes), and you can create different users' iTunes library according to your needs. You can see how the songs are stored in the iTunes Library in an intuitive manner. The songs are displayed in the usual iTunes style, and can be sorted in order of album, artist, song, genre and playlist. You can also create sub-folders for each library or different albums in each library, and can organize tracks in iTunes Library by using folders or sub-folders. If you have a lot of music files, you can quickly tag, search and add the songs from your music library. For example, you can tag songs with a particular artist, genre, album, and add the songs to the playlists. iTOrganize allows you to view a list of every song added, removed and modified in your iTunes library. You can see how your music collection is organized and where your iTunes music is stored. You can use it to 1. Manage your Music Library in a convenient way; 2. Manage your Music Library with detailed information; 3. Sort your Music Library to the best way; 4. Organize your Music Library; 5. Find and add iTunes Music not allocated to your iTunes library; 6. Find and add iTunes Music Videos not allocated to your iTunes library; 7. Find and add iTunes Playlists not allocated to your iTunes library; 8. Find and add iTunes Audiobooks not allocated to your iTunes library; 9. Find and add iTunes Podcasts not allocated to your iTunes library; 10. Find and add iTunes Music from various sources; 11. Create a backup of your iTunes music; 12. Record and/or edit the tags of the tracks; 13. Delete unwanted folders from your iTunes library; 14. Turn on/off the ON/OFF for iTunes Music library; 15. Add DRM content to the iTunes library;
