The most beautiful and ambitious fantasy game ever created! Fantasy action RPGs are on a two-year decline, and the fantasy genre's long history has finally come to an end. As a result, RPG game companies are investing a great deal of effort into creating a new fantasy RPG game that will fill that gap. But just how rare will this be? Tarnished, a title by Cygames, will be the first of many fantasy RPG games to enter this growing genre. After beginning to take shape in 2012, we have used our experience of creating and managing games, improved upon our focus on the gameplay aspect, and poured our soul into creating the world that will charm you. This new fantasy RPG game is, above all, a fully realized world full of surprises; one that will excite you like no other. ABOUT CYGAMES: Cygames, Inc., a leading creator and producer of games in Japan, is planning to grow into a new growth engine by establishing a new development studio in the U.S. to produce games that will reinvent the gaming industry. Cygames has successfully produced 'Kantai Collection: KAITSU WARCHIBO' which is a highly anticipated action game published in May, 2016 and is now ranked first among all action games in the App Store. "Cygames' game are unrivaled for their gameplay, visual beauty, and a unique animation. With the expansion of our global development studio, we will publish titles that take full advantage of our knowledge and unique assets." Call of the Ghosts: Remastered Re-Adapted in a different world "Call of the ghosts is an old-school game with retro-style graphics. While it does have its own unique charm, it may also be a little messy. Fortunately, you can enjoy a remastered version of the game in its original form: the 'Call of the ghosts Game Remaster.' There is no reason to be concerned, as the remake version has improved overall game play and is bigger. The best thing about this remake, however, is that the most interesting content in the game, a ghostly spooky atmosphere, has not changed. No matter how much time has passed, the world of Call of the ghosts will never lose its beauty." PlatinumGames is back on the case with their 2D side-scrolling action game that will bring you back to the genre. This time, the main character is a shinobi, whose body is a mysterious balance between a snake and a turtle. He wields his ninja blade and protects a small village from invaders. Will you be able to solve the mysteries of your past and bring back peace to the town?
