Gameplay in Fifa 22 Full Crack has been reworked to be more in-line with the new player models. Improvements to the model's responsiveness have been made for ball physics and new animations have been added to improve the player's ability to control the ball. Players now dive more effectively, dodge players more effectively, and transfer the ball more effectively. New ball physics have been added to adjust the precision and feel of controlling the ball. The ball will now transfer more smoothly and intelligently, and will travel further and react in more responsive ways in the air. These changes help to make dribbling and passing more realistic and complete. Improved AI Bugs corrected in match preparation and player substitution Team updates - correcting previous bugs introduced in last year's FIFA 21 update, including: - Correcting an issue in FIFA 21 where players would be substituted before the clock expired in a starting lineup - Correcting an issue in FIFA 21 where players would be substituted before the clock expired in a starting lineup - Correcting an issue where the injury status for a player could not be updated after a goal, or when a penalty kick was taken - Correcting an issue where the injury status for a player could not be updated after a goal, or when a penalty kick was taken - Correcting an issue where goalkeepers would incorrectly flash out of goal - Correcting an issue where goalkeepers would incorrectly flash out of goal New minigames - Players can now partake in two brand new minigames in FIFA 22, PES Player Ones and Player Two. The UCL Man of the Match minigame returns for the first time since the last FIFA game, and will be added to the Champions League in FIFA 22. Additional new minigames include the Nike Freestyle Passing Challenge and the Foot and Ball Passing Challenge. The legendary 90's league series returns for the first time since FIFA 14. The N-Sports 90's returns with a brand new Nike Premier League badge. The league will feature all major clubs including Manchester United, Arsenal, Tottenham Hotspur, Liverpool, Chelsea, Newcastle United and Aston Villa in game. In the UK, the game will be available on PS4 from February 3 and Xbox One from February 11, 2017. Here's what the official EA website has to say

What's new:

- **Ultimate Team is now free to play. In Ultimate Team players live in a virtual 5v5 world that can be populated entirely by your digital hand.**

Other New-Features:

- **Micro Physis™** dribbling physics, which delivers unpredictable and realistic movement that leaves even the best players breathless. Use your micro gifts to glide past opponents and keep the ball under control, or unleash your explosive counter-attack and slip past opponents like never before.

New Engine Features:

- **The next generation FIFA game engine** generates stunning visuals on almost any device and supports a feature-rich gameplay engine that delivers key improvements in all aspects of the FIFA experience.
- **Immersive Club Atmosphere:** A club atmosphere is brought to life in FIFA 22 for the first time thanks to the game's all-new realistic atmospheres and crowd reactions. Players receive more context-specific feedback when their shots hit the back of the net and for the first time the crowd reacts with real emotion with goal celebrations that vary in response to your performance.
- **Enhanced Player Physics and AI:** FIFA 22's all-new player movement makes it easier to predict the path of your dribbling opponents, and flow of play has been dynamically improved for more realistic foot work. Player ball control and on ball action is also closer to authentic soccer.
- **Enhanced Explosive AI:** Your players have evolved and now there are more complex patterns at play. The smartest players are no longer just looking to run straight towards goal and score, but they will avoid challenges and look to see if they could get in closer to start a counter attack.
- **Enhanced Player Creator:** The all-new Player Creator allows you to mold your player like no other before. With the new Titan Editor you can create players who can play in any style whether your playing on or off the pitch. Play your way with a single-handed dribbler or with two forwards that each have a distinct style of play; go all forward or build a dominant backline thanks to the all new role system.
