**AutoCAD Full Version For Windows**

[Download](#)

After its release, AutoCAD Crack Keygen quickly became popular, because it was the first integrated CAD/GIS software. Thus, it was the first widely-available

---

and relatively inexpensive CAD application. AutoCAD is a raster graphics application that can be used to create 2D and 3D models of any scale (1:1, 1:10, 1:50). AutoCAD enables users

---

to perform most drafting tasks, including 2D and 3D drawing, text editing, dimensions, cadastral and engineering, and basic surveying. In the mid-1980s, Autodesk implemented a semi-

---

automated drafting (or  
drafting automation)  
feature called DraftIt!  
into AutoCAD. Its  
importance was  
recognized with the  
award of the GIPSY  
Award for Best Use of  
AutoCAD for 2D or 3D

---

drafting in 1987.  
AutoCAD was the first  
CAD program that could  
run on IBM-compatible  
personal computers and  
later versions of  
Macintoshes. As of the  
early 2000s, the release  
of AutoCAD LT was

---

discontinued, but in 2013, Autodesk announced that a new version of AutoCAD (AutoCAD 2013) would be available. AutoCAD 2013 is a 16-bit version of AutoCAD available on both Windows and

---

macOS. In the late 1980s, Autodesk developed AutoCAD Map 3D (now called AutoCAD Map 3D: Land) as a prototype for creating land-use maps. It was the first CAD application to enable

---

users to construct 3D maps for the purpose of developing land-use policies. Note: This page needs images. Please add them by clicking [here](#). AutoCAD is available as a stand-alone desktop program,

---

or as a web application  
(both of which are free)  
and as a mobile app for  
both iOS and Android  
devices. Licensing  
AutoCAD is available on  
Windows (from version  
2012), macOS and  
Linux. It is also available

---

as a cloud-based service through a subscription agreement with Autodesk. There is also a mobile app available for both iOS and Android devices. Autodesk offers a free trial of AutoCAD available for a period of

---

one year. Autodesk also offers a 30-day free trial of AutoCAD for mobile devices.

**AutoCAD Crack + (2022)**

History AutoCAD  
Cracked Version was  
first released in 1983 as

---

AutoCAD Serial Key,  
version 1.0 for MS-DOS.  
The first version to be  
sold on a floppy disk  
(32K) in October 1985  
was AutoCAD, version  
1.0.1. Its release for the  
Macintosh was in 1988.  
It was then ported to

---

Windows 95 in 1997, on a new command line window interface called AutoCAD LT. In 1998, the company released AutoCAD LT, version 1.2. The company released AutoCAD 2005 in March 2006. In 2011,

---

the company released AutoCAD 2012 and AutoCAD LT 2012. In 2018, the company released AutoCAD Architecture and AutoCAD Civil 3D. In 2019, the company released the 2018 World

---

Architecture Challenge  
winner, Liveable City of  
Helsinki. The version  
numbering system is  
roughly as follows: 1.x:  
DOS version. 1.2x: DOS  
command-line version.  
1.x.x: DOS version  
including feature

---

enhancements. 1.x.1x:  
DOS version with  
enhanced customization  
(TCM and options  
dialog). 1.x.x.x: DOS  
version with feature  
enhancements and  
customized options  
dialog. 1.2x.x: DOS

---

command-line version.

2.x: Windows version.

2.x.x: Windows

command-line version.

3.x: Mac OS version.

3.x.x: Mac OS command-line version. 4.x:

Windows version with

customization. 4.x.x:

---

Windows version with enhanced customization (TCM and options dialog). AutoCAD was originally developed by Massachusetts Institute of Technology (MIT) in Cambridge, Massachusetts. In 1996,

---

the company was spun off and became a privately held company. Autodesk Inc. purchased the company from MIT in December 1998 for \$680 million. In July 1999, Autodesk was listed on NASDAQ with

---

the ticker symbol AUTO. In April 2000, the company listed on the New York Stock Exchange as Autodesk, Inc. In October 2000, the company changed its ticker symbol to ADSK. In October 2010,

---

Autodesk acquired cloud-based Autodesk Vault and cloud-based 3D printing service Z Corporation for approximately \$300 million. AutoCAD LT was initially sold on CD-ROM. Starting with AutoCAD

---

2004, AutoCAD LT was  
released as a download  
from ca3bfb1094
