Story of the Lands Between, the Brand new fantasy tale

The story takes place in the Lands Between, an ideal, enlightened world that is generally separated from the real world. Seeing its wealth of harvests, bravely wandering knights and splendid cathedrals, the Lands Between has become a land in which the weary warrior is more than ever called home. Yet there is a great imbalance in wealth. Traditional kingdoms, wealthy in the metal and spices they trade, have spread like a barren desert across the Land Between. After the golden age of civilization was wiped out by the great war and barbarian incursion of ancient times, some parts of the vast world fell into complete desolation, and now lie mostly under the storied Cloud of Snow.

Rich Equipment and Magiс

As one of the chosen, an heir to a kingdom loaded with both riches and guarded by powerful legendary weapons, take up arms to increase your strength. Adorn yourself with eccentric armor and use powerful magical equipment to become a mighty warrior!

Exciting Battling System and Optional Multiplayer

The game is set up to be the definitive fantasy RPG action game by combining exciting combat with a social network element. The game is able to play your words and resolve battles by utilizing an asynchronous multiplayer system that allows you to match up with friends. While you play in single player, you can battle against powerful bosses in dungeons with a revolutionary battle system that makes the duty of dungeon troving feel like a brand new RPG.
