Hinduism is ancient the culture is as old as 5000 years and the religion has been around since 1000 bc. The pictures of all these deities are all invented by the Satanists to create panic and fear. If you go and read the Hindu books this is clearly explained. Children want to practice their religion in temples in which they should be. Children who are intelligent enough realize the deception and laugh at the priests and leaders for creating religions. They do not believe in this religion and they need to be educated and then run away from all religions. This religion is fabricated and some people are selling idols and graven images and cheating the people. What is called as brahmin in this religion is actually Satan born in the wombs of Satan and these are child killers. If your child is hungry you feed your child or you take your child to hospital and if your child gets sick you take your child to the right doctor. That is what a real parent or a real Hindus does. You take your child to the right vet, the right doctor and everything is done in a scientific manner. Sometimes politics can also come into the play. The garish (uliyaal) material for which they claim are gods and idols are obviously of foreign origin. The people from outside these four corners of the earth create the garish material and they come with garish material and inveigle the people to take some. This is all done with some vested interest. It is like eating a poison and then saying the poison is ambrosia. This is poison, and this is poison, this is poison and then claiming poison as ambrosia. So the are invading our temples and claiming god is in their hands and we should worship them. The garish material they use are of foreign origin to fool the people and in this foreign material they put their face and stand in front of all the Hindu gods creating sensation. These foreign countries do not have kings or temples or graven images or these are in the hiding place. They are putting in the garish material to fool people. But they can not fool the godless and the atheists. They do not worship anyone and do not believe in any god. But for the vidharmy (Fake-Jihadis) it is by sin that there is no God. It is the same as someone who is a betrayer and before the betrayal they are sure that the other person is sincere. So the betrayal is because of the assurance that the other person is sincere and trustworthy. The Satan which is called by the word Christ in the Bible (of the Bibl) the name of Satan is the same as the word Satan in Hindi or Sanskrit. These foreign satans are spreading their violence and infection in all the four directions of the world especially the western world. They have been attacking Hindu temples so that they get the opportunity to spread their corruption. The teaching of spirituality is that god is with us always and there is no need to think of god.

Now,i have a few suggestion that if i am asked about the implication of this report on a scholar then i must say that the way to achieve these goals is not a single medicine. Rather a mixture of several successful steps.It is all about the scientific approach to the scientific approaches.Therefore,my suggestions to the Indian society is to have the freedom to think and expression and conduct political discussions.Also it is must to improve the same.It is the responsibility of the power holders to see that the people are allowed to perform their duty and rights without any hindrance.The same must be applied to the academic institutions. The press should be free to criticise and question and enhance the national intelligence.All the research institutes and educational institutions shall be run in an honest manner to ensure the complete safety of the researchers.The judiciary and the police should be changed and made a common man's friendly and not such friendly anymore like they have been till now.And the government must be made more responsive to the public. I am a college student.i don't know how to convert rich sources to pdf.But please get me the pdf of this article for better understanding.<http://www.bookdepository.com/Devdutt-Pattanaik-Books-Pdf-Free-191/9781477618297>

Devdutt Pattanaik Books Pdf Free 191 Thank You I am not Adopting any aspect of texts I am just pointing out an aspect that there is a vast difference between original texts and texts that are being vended in the name of those texts. I have already responded to your query below about women's status in books. Please be informed that I have nothing to do with the status of women in Manusmriti or any other Indian book. I'm just pointing out that the propaganda that has been designed around "Woman's Status in Manusmriti" by Dr. Puri is completely distorted. I do agree that originally Manusmriti was a very different book and was much more harsh on women. But the status of women in the actual Hindu texts was much different than what this book has been showing all these years. 5ec8ef588b
