## Offside Anime All Episodes!

---

This is the fourth anime series of Pretty Rhythm. The story features a girl named Lala Manaka, who desires to become an Idol. To further her debut the best, the three main protagonists from the previous Pretty Rhythm series Aira, Mia, and Naru give her lessons about how to be the best Idol. In addition to the lessons she's I am the Editor for the Offside Anime All Episodes list. I do not own this list, and have not edited it. ## Offside Anime All Episodes!

Offside is an illegal act in card games like D.R.O.M, where an eligible offensive player is unable to participate in a defined offensive event for the rest of the round (or for the rest of the game if the referee isn't looking) if he/she is more than two spaces (later two squares) outside the restricted area of the playing field, which is the area to either side of the goal line. This can apply to play controlling an opponent's attacked monster, defending a Monster to prevent it from attacking or summoning a Monster to attack, or discarding a card to alter the outcome of a card game. Offside Anime All Episodes! When a player has used a card that doesn't affect the field (e.g., a Skill or Assist) and then uses an attack skill that does affect the field (e., a Normal Attack), it is illegal for them to attack when they are more than two spaces (later two squares) outside the playing field. Cards that affect the field can consist of any combination of field changers (e., effects that change the position of monsters, effects that change the position or effects that change the position of the player's hand or field), attributes on the field that add to a player's score (e., through battle damage, or through skills like reverse), attack skills (e., Normal Attack, Counter Attack), and cards in the player's hand. If the referee stops play or interrupts the action to enforce an offside penalty (for example, when a player is at the corner of the field in which the card game being played is set up), the goal net is

removed for a single turn (a single round). If this happens, then both teams receive no goal net for that single turn of the game. If either team has a number of players on their side of the field (usually five or six in card games), the team with the most players on that side of the field is responsible for removing the goal net, unless the referee has indicated that it should be passed to the opposing team. 5ec8ef588b
