System Requirements:

There are not any official requirements for playing The Battle of Dreuing on PS4, but it has been said that the game is no longer playable on PS3. Those who do not have a PS3 and do not wish to upgrade their systems to play the game will not have the experience. An Xbox 360 controller works with the game. If you are looking to play the game on PC, you will need a PC with an Intel i3 or similar processor, a 2GB or more of RAM, with a motherboard compatible with 4Gb of RAM. DirectX 10 or
