Each module is based on a letter of the alphabet (such as P), each letter or letter combination appears in the same place on each page, hence a print out of the student's book is a word chart. The student's book consists of a student's booklet, a teacher's booklet and a coursework booklet. The teacher's booklet contains a list of words and their meanings, words for each letter and for each letter combination and exercises for each of the four units, and of course common phrases. The coursework booklet contains two chapters of a book written in high-frequency, spontaneous first-person essays, and two lessons of vocabulary. These two chapters are not the same as the vocabulary sentences dealt with in the textbook.
